

# Elio Rainieri

Interaction Designer · HMI Prototyper · Design System Builder

[www.iamelio.com](http://www.iamelio.com) · [hello@iamelio.com](mailto:hello@iamelio.com) · +39 331 9980378 · [www.linkedin.com/in/elio-raineri](https://www.linkedin.com/in/elio-raineri)

## What I do

With 4+ years of experience in tech and automotive companies I craft digital experiences that put people first, translating complexity into clarity. By applying design thinking from early concept to final execution, I help teams deliver solutions that are both functional and emotionally resonant.

## Capabilities

Interaction Design	Prototyping	Figma
UI Design	Design Systems Creation	Vibe Coding (Claude Code, Cursor)
Wireframing	Protopie	Coding (Swift, C++)

## Experience

### Interaction Designer - Jaguar Land Rover

Sep 2023 - current role · Gaydon, United Kingdom

- Leading the design of Instrument Cluster, Head-Up Display (HUD), haptic feedback, and entry/exit experiences for upcoming Range Rover and Defender models.
- Ensuring compliance with ISO safety standards and regional regulations.
- Driving DesignOps initiatives by managing large Figma libraries and documentation.

**Impact:** Designed a completely new Instrument Cluster HMI, establishing a robust cross-carline design system that enhanced the design team efficiency and reduced implementation time.

### UX Designer - Mercedes-Benz

Oct 2022 - Apr 2023 · Stuttgart, Germany

- Contributed to the design of the all new "Routines" app for the 2024 E-Class.
- Focused on desk research, HMI concept development, and prototyping for A/B testing.

**Impact:** Created a set of UX guidelines adopted across multiple app features and referenced by over 20 designers. This ensured consistency and usability for hundreds of thousands of drivers.

### UX Design Intern - IBM

Apr 2022 - Sep 2022 · Stuttgart, Germany

- Redesigned the Storage Group feature within IBM Z mainframe management software, translating complex engineering concepts into intuitive user flows.
- Collaborated closely with product managers and engineers to improve usability and ensure consistent interaction patterns.

**Impact:** Reduced unique screens by 50%, enhancing efficiency and clarity for engineers and administrators, contributing to improved adoption and satisfaction.

## Education

### MSc Digital & Interaction Design Hons

Politecnico di Milano · Italy · 2023

### BSc Interior Design Hons

Politecnico di Milano · Italy · 2020

## Awards

## What next?

I'm excited to contribute to a creative team that pushes boundaries and innovates by doing, crafting human-centered experiences that inspire and make a lasting impact.
